Education

Technological Institute of the Philippines Quezon City, PH
Bachelor of Science in Industrial Engineering Oct 2019
Commission on Higher Education (CHED) Merit Scholar (A.Y 2015-2019)
Relevant Coursework:

- Authored a thesis that won 3rd Place in the Undergraduate Thesis Competition at the 9th Annual International Conference on Industrial Engineering and Operations Management (IEOM) held in Bangkok, Thailand on Mar 2019, presenting Gorelax: A User-Ergonomically Designed Backpack for Stress-Prone Millennials in the Philippines.

Experience

OneCFO Philippines | FinTech & AI Quezon City, PH
Technical Product Manager Feb 2026 – Aug 2026

- Lead end-to-end business product lifecycle, defining product strategy, requirements, priorities, and delivery timelines while balancing business value, technical feasibility, and stakeholder expectations.
- Translate business, user, and technical requirements into product roadmaps, user stories, and acceptance criteria, collaborating closely with Product, Engineering, and cross-functional teams to drive high-quality releases.
- Led automated testing initiatives covering 62,000+ documents with an 85% passing threshold, proactively managing risks, blockers, and delivery milestones to improve release quality and validation efficiency.
    - Projects: DocTax Phase 2, Automated Testing

Business Analyst Aug 2025 – Feb 2026

- Lead end-to-end business analysis and process engineering for the Philippines' first AI-driven tax advisory platform, aligning the gaps between complex tax regulatory need, AI technology, and business requirements.
- Champion the design and delivery of AI-enabled tax advisory workflows, translating complex Philippine tax regulations into 50+ user stories and acceptance criteria for agile development.
- Integrate web-scraped regulatory data into AI workflows, enhancing advisory accuracy and reducing manual research time by 30%.
    - Projects: DocTax Phase 1, Agentic AI, Web Scraping

Consultant, Business Analyst Feb 2025 – Aug 2025

- Led end-to-end business analysis for OneCFO's digital platforms, translating complex business Led automated testing initiatives covering 62,000+ documents with an 85% passing threshold, proactively managing risks, blockers, and delivery milestones to improve release quality and validation efficiency.
    - Projects: DocTax MVP – AI-Powered PH Taxation System

Charitag | Charity Montreal, Canada
UI/UX Consultant (Remote Work) Dec 2025 – Present

- Led UI/UX strategy and user experience improvements for web and mobile platforms by translating business requirements into intuitive, user-centered digital experiences.
- Designed user flows, wireframes, and interface recommendations that enhanced usability, accessibility, and engagement across fundraising, volunteer, and content management features.
- Collaborated closely with product owners, developers, and stakeholders to align design solutions with business objectives, ensuring consistency, scalability, and seamless user interaction throughout the platform.
    - Project: Charitag MVP Webapp Platform

AIA Philippines | Insurance Makati City, PH
IT Specialist May 2023 – Nov 2024

- Implemented self-service health solutions including teleconsultation, vaccination, labs, radiology, and mental wellness which are integrated into AIA's insurance web platform to deliver seamless support across insurance, HMO, and healthcare.
- Led data mapping of 300K+ wellness users to identify lapsed corporate accounts and initiated batch termination process via Postman using a custom-built program, removing ~50% of outdated records.
- Delivered fraud prevention project for wellness app after PHP 600K in losses, deploying API-based mobile verification, automated flagging of suspicious claim patterns, and coordinated in-app education, UI/UX design, and full project rollout.
    - Projects: AIA Self-Service Health Solution; Vitality Mobile App Enhancements

The Medical City | Healthcare Pasig City, PH
Solutions Specialist / Asst. Project Manager Jun 2021 – May 2023

- Supported HIS go-live by mastering core modules within two weeks and training subject matter experts; served as key person across clinical, admin, and executive teams during digital transformation.
- Implemented a web-based Claims Management Platform for TB DOTS, reducing PhilHealth processing time by 70– 85% (from ~14 days to 2–4 days) and enabling real-time claim status tracking
- Led data mapping and cleansing for ~2M HIS and SAP ERP records, increasing integration accuracy from 60% to 90% using Power Query and DMAIC, ensuring seamless transaction flow.
- Spearheaded SAP Business One change requests to resolve post-launch billing and professional fee gaps, managing full IT project lifecycle using Agile, Waterfall, and Lean Six Sigma approaches.
- Delivered GS1 barcode integration to streamline inventory tracking from warehouse to pharmacy.
- Supervised and delegated tasks to two full-time analysts, enhancing team productivity and developing leadership and operational management skills.
    - Projects: Hospital Information System (HIS), Claims Management Platform, Data Mapping & Cleansing for HIS and SAP (ERP), SAP Business One Enhancement, GS1 Barcode Integration

Kollaboratory Media Inc. | E-Commerce Pasig City, PH
Business Data Analyst Jun 2021 – May 2023

- Automated sales monitoring for 17+ e-commerce brands by integrating reports from Shopee, Lazada, Zalora, and Webshop using Power Query, replacing manual copy-paste workflows.
- Developed a centralized Excel dashboard with Pivot Tables, Charts, and Slicers, reducing reporting time from up to 75 minutes to an average of 8 minutes.
- Enabled data-driven decision-making through performance tracking and forecasting of sales, inventory, and commission, improving operational efficiency and business visibility.

- Projects: Centralized Excel Dashboard Development for Sales, Inventory, and Commission Tracking and Forecasting

Leadership, Certification, Skills

Leadership

17th PUP IE Annual Convention | Prismatic Pathways: Advancing Industry with Human Synergy Manila City, PH
